

Westlock Regional Waste Management Commission

POLICY NO: OP05

**Approval Date:
Amended October 28, 2016**

TITLE: Prohibited Waste

POLICY STATEMENT:

Prohibited waste included but are not restricted to:

Vehicle hulks	radioactive waste	chemical waste
Human waste	hazardous waste	liquid waste
Hospital waste	animal waste	paints
Toxic waste	sewage/septic tanks	propane tanks
Large equipment tires	tar	

The preceding wastes will not be accepted at the facility or at alternate locations, unless alternative methods of handling the waste is provided and material is not going to the landfill. The Manager and/or delegated staff members are authorized to determine, at their discretion, whether or not specific waste brought to the site falls within the context of the restricted wastes noted herein, or should otherwise be prohibited.

Examples of materials received include, but not limited to:

- Propane tanks
- Paints
- Liquid waste – Used oil
- Large Equipment Tires (if receiver is able to handle them appropriately)

Manager shall have the authority to approve or disapprove receiving of special wastes included in this policy.
